## CREW FIGHTS FIRE ON SHIP

SAN FRANCISCO, May 21.—UP.—Fire in the hold of the British freighter Trevanion, which endangered lives of 28 sailors off the California coast today, was controlled here tonight.

A fire boat of the San Francisco department extinguished the blaze after considerable damage had been caused by flames and water.

Distress calls had been flashed through the air throughout the morning as officers of the Trevanion feared the blaze might spread more rapidly than it actually did.

Three vessels had answered the appeals for aid but the British ship successfully made this port without their aid and anchored at quarantine. There, with its cargo smoldering, it rested tonight.

The fire broke out in number three hold while the Trevanion was 20 miles off the Golden Gate. All members of the crew joined in the effort to quell it and their work kept the blaze confined to the hold in which it originated.

Two coast guard cutters and a tug responded swiftly until the Trevanion had reached anchor.

The Trevanion was loaded principally with sugar and was enroute from San Pedro to Vancouver, B. C.

## COUNTY TAX DELINQUENCY ON INCREASE

MARTINEZ, May 21.—Delinquent taxes in Contra Costa county for the year 1928-1929 show an increase of \$20,000, according to the final report of Tax Collector Martin W. Joost filed with County Auditor A. L. Sullenger.

Joost attributes the large amount of the delinquency to the fact that one large land owner of the Delta region failed to pay his taxes on time.

There is a total of \$138,375.43 delinquent, according to Joost, who stated that the amount charged for collection at the beginning of the year by the auditor was \$3,781,987.12. Joost declares that while the amount of delinquent taxes shows an increase, collections show that business in Contra Costa county is good.

## Youth Held In Hammer Murder

## TUNNEY TO FIGHT BALM ACTION

STAMFORD, Conn. May 21.—UP.—Proceedings designed to lead to a half million dollar breach of promise suit against Gene Tunney were instituted here today.

Mrs. Katherine King Fogarty, formerly a milliner of Fort Worth Texas, and later the wife of a Fort Worth plumber, began the action with the service of an attachment upon Tunney's country place near here. There was appended to the writ of attachment a copy of a complaint which alleged that on June 2, 1925, a week after Mrs. Fogarty divorced her second husband, Tunney had made proposals of marriage to her.

Deputy Sheriff Michael Ryan, to whom the papers had been entrusted, said tonight that he was forwarding for formal filing a copy of the complaint to the clerk of Fairfield county, Conn., court and that it should be received by the court at Bridgeport, Conn., Wednesday morning.

Proposal Charged  
The complaint is very brief. It declares that Tunney and Mrs. Fogarty met in Fort Worth in 1924 and that they kept company for a time. Then she divorced Fogarty and a week later, the complaint maintains, Tunney proposed and she accepted.

Despite the willingness of Mrs. Fogarty, however, the marriage never took place, the complaint says, and last year Tunney married "a certain other person." Because of the disappointment and the suffering she says she endured Mrs. Fogarty asks \$500,000 damages.

Accounts Attached  
The institution of the suit came to light this morning when Ryan arrived in Bridgeport with writs to serve attaching any accounts Tunney might have in Bridgeport banks.

He then went to Tunney's Stamford place where he served a copy of the attachment on Andrew Johnson, the caretaker.

At Bridgeport court officials informally said that if the complaint is sustained (Continued on Page 5)

## THOUSANDS KILLED IN FLOOD

BASRA, Iraq, May 21.—UP.—Unconfirmed advices received here today said that hundreds of persons had been drowned in floods along the Tigris and Euphrates rivers during the last few days.

Early and unofficial reports said the death toll might run into the thousands. There have been heavy rains in the river area recently and considerable damage to crops and towns was reported several days ago.

Officials here predicted that the crest of the flood would reach Basra late tonight or tomorrow.

The torrent of water was reported at its height at Nasiriyah, some 150 miles up the river from here.

Nasiriyah is on the Euphrates river. The Euphrates and the Tigris join less than 50 miles above Basra and become the Shatt-el-Arab which empties into the Persian gulf.

The floods destroyed the Hind-dam and did considerable damage at Shabab, where the aerodrome escaped destruction although it was threatened by the rising water.

It probably will be weeks before the water has completely subsided, according to estimates of officials here.

## BATTLE WITH BANDITS SEEN

SAN DIEGO, May 21.—UP.—A machine gun battle with the three bandits who staged the murder and \$85,000 robbery of two Agua Caliente money guards near here was expected by police tonight if they located the trio.

With the merciless killing of two men charged against them it was no believed the bandits would surrender peacefully. When they abandoned their holdup car here they carried away a machine gun and other weapons used in the slaying of Nemesio Monroy and Jose P. Borrego, employees of the Mexican resort.

City detectives and county deputy sheriffs, heavily armed, were working on the case. A \$5000 reward for the capture of the trio, dead or alive, has been offered by the Agua Caliente corporation.

The bandits shot the two guards down from the rear. Monday, driving their automobile up behind the money car and opening fire without warning. The guards tried to defend themselves, but were mowed down.

Lack outlined the procedure followed successfully in other counties where very considerable savings had been made. He spoke in high terms of the officials of the county and expressed the opinion that they would be glad to cooperate in any effort to bring about greater efficiency and economy in the administration of the county tax funds.

It was decided that immediately upon Schedler's return to Pittsburg a second meeting of the budget committee would be called at which sub-committees would be appointed and the work started at once.

## 4 School Boys Die In Joyride Wreck

REVERE, Mass., May 21.—UP.—An afternoon joyride of six Revere high school youths today ended in a tragedy which claimed four lives. A fifth member of the party was probably injured fatally.

The four who were killed when the automobile in which they were riding, crashed through the guard rail of a bridge were: Elbert Sander, James Jimlan, Jack Davis and Barney Stein, all about 20 years old.

Arthur Schocher, who was injured, is in a critical condition at a Chelsea hospital. The driver and owner of the automobile, Louis Weiner, escaped with slight injuries.

Action on the matter was tabled by the council until the next meeting, June 3, when a complete report of the wreck conditions in the city will be made.

Considerable agitation has been under way during the past week by Pittsburg butchers to have the council repeal the present meat inspection ordinance which would eliminate state inspection and give control to municipal authorities.

## \$50,000 Apartment To Be Built Here

The apartments will be located at Thirteenth street, between Bissell and Chanslor avenues. R. E. Barthett, 3625 Harbor View avenue, Oakland, is the owner and builder.

The building to cost about \$50,000 will be of frame and stucco with ornamental front and built-in garages. It will contain 15 two-room apartments and six three-room apartments. All will be completely furnished, including electric refrigeration, steam heat, incinerators, etc. The building will be 86 1-2 by 50 feet.

## PROBE OPENS GIRL NEAR DEATH

PITTSBURG, May 21.—With the report that one girl is critically ill and five others are in a serious condition as the result of eating tainted meat here Saturday, investigation into the alleged sale of impure meats in this city is being conducted by city officials.

Appearing before the city council last night Dr. H. E. Peters, city health officer, stated that during the past two weeks 10 cases of meat poisoning have been referred to him. He reported that the Ballesteri family, 145 Los Medanos street, is confined to their home with poisoning while one member of the family is in serious condition.

Violation Charged  
Dr. Peters declared that never in the history of Pittsburg had he found such flagrant violations of the pure food laws.

Dr. Peters told the council that he was called to the Ballesteri home last Saturday night to find the family stricken and two of them unconscious.

Miss Kaile Ballesteri, 19, is reported to be in a serious condition.

Five other members of the family are reported to be in serious condition. They are: Mrs. Mary Enea, Horace Ballesteri, Mrs. Lena Ballesteri, Mike Ballesteri and Mrs. Frances Ballesteri.

Meats Held Pure  
Warren Abrams, newly appointed meat inspector, who took the place of G. E. Quinn who was ousted for alleged failure to properly enforce the food inspection laws, declared that "Dr. Peters has no legs to stand on" and that "all meats sold in the city are clean and pure."

Action on the matter was tabled by the council until the next meeting, June 3, when a complete report of the meat conditions in the city will be made.

Considerable agitation has been under way during the past week by Pittsburg butchers to have the council repeal the present meat inspection ordinance which would eliminate state inspection and give control to municipal authorities.

Edict Naive  
An edict was recently made by the butchers that unless the state permits them the privilege of using a slaughter house, the city would change to municipal control.

Dr. George Gordon, chief of the state division of meat inspection, who was present at the meeting, declared the move would be "pure folly" and would leave Pittsburg "wide open for the sale of impure meats."

Another new home was added to Richmond's ever growing list yesterday when Frank W. Simmons obtained a permit from A. J. Hurley, city building inspector to construct a cottage and garage on Sixth street between Chanslor and Bissell avenues. The structure to include a garage will cost \$3000.

## NEW COTTAGE TO BE BUILT

M. H. Salisbury also obtained a permit yesterday to construct a sleeping porch for a home on South Seventh street between Florida and Ohio avenues. The work is to cost \$150.

## MUSSOLINI OPENS UP A WIDE FIELD FOR DISCUSSION

Peace between the Italian government and the Roman Catholic see has been established on a practical but not on a basis of principle. Hardly had the echoes of the new convention died out before the dictator and the pope became the protagonists of such divergent schools of thought that it is hardly possible to expect reconciliation. Yet, fortunately, this new divergence does not presage other than an academic discussion.

But that discussion reaches far. It deals with the structure of civilization.

Mussolini implies, and in virtue says to the fascist parliament that the state is an edifice in which the individual is a brick. Mussolini has formed the habit of presenting his theories and smashing facts into shape to fit them.

The pope on Wednesday tartly replied to the pronouncement. He said that the state is not a molecule in which the person is a subordinate atom, but that the man and the family and all they want and desire must be the unit, and the state a superstructure erected to serve and protect them. According to His Holiness, Mussolini would shape the state toward the end of conquering a planet if such should ever seem good to whoever bosses the state. Instead, quoth the head of the church, the only conquest that deserves the loyalties of the masses, is the conquest of evil, the achievements of loftiest heights of truth and virtue. That, he said, was something "on which we are perfectly agreed."

The premier doubtless has hearty motives. He wishes well, but the question is whether he desires benefits for Italy or for the Italian people. He sincerely but mistakenly confuses the two in some, if not in all of his program.

## IMPERIAL FARM CONDITIONS

That conditions in the Imperial Valley, from the standpoint of the farmer and farm land realtor, are much better than they were a year ago is the statement of W. E. Hancock of El Centro, state director of the California Real Estate Association.

"Farm products have brought better prices during the last year than for several years past," said Hancock. "The present lettuce season has been an unusually profitable one for the grower. Our dairy industry, the backbone of agriculture, which is and has been on a sound basis, is in even better condition than a year ago. The price paid to the dairymen for butter fat in cream was about one cent per pound higher for the year 1928 than 1927."

"Shortage of feed in other territories together with the high price being obtained for beef cattle, has made winter feeding on green alfalfa and barley very profitable here for the last few years. We now have between 40,000 and 50,000 head of beef cattle and about 100,000 head of sheep on green feed."

## THANKS TO THE PEOPLE!

Bizarre Governor Huey Long of Louisiana attributes his exalted position to the grace of the people as do all demagogues. He should thank that partisan line-up in the Louisiana state senate.

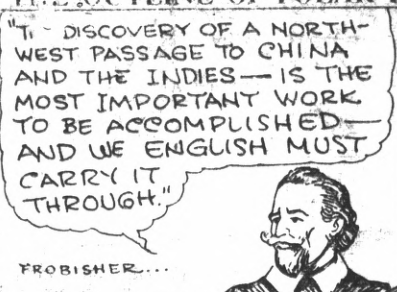

We cannot picture a man who plays the game as Governor Long does accepting his narrow squeak from impeachment as a lesson to guide his future behavior. Rather he will mistakenly count the "vindication" of a vote in the senate as a license to continue the Long policies and the Long practices.

Louisiana is not skilled in impeaching its governors. Oklahoma was in the same fix for a time, but by practice it became adept at getting rid of impossible executives. All of which proves as a by-issue that the judgment of the people is not always right, when it is confused with partisan policies. But give Louisiana time. The next impeachment party will be much more of a success.

## CAMP FOR BOY SCOUT NEAR COMPLETION

Camp Contra Costa for county Boy Scouts is rapidly nearing completion, according to Boy Scout Executive Robert F. Cox who returned from the Sonoma campsite yesterday morning.

Sixty percent of the camp facilities have been completed, Cox stated. A dam has been erected in Sugar Pine creek and a huge swimming hole has been constructed for the boys. A nearby spring has been tapped and the camp is assured of a good supply of clear, cold mountain water. The mess hall is nearly completed and all sanitary arrangements have been made.

"I've got good news for the boys," Cox stated yesterday. "Our old cooks, Phil and Bill are back on the job and are cooking for the construction crew now. All of the boys who attended last year's camp will remember the two cooks and the 'grub' they served."

At the gates of the camp on the main highway a huge sign "Camp Contra Costa, Boy Scout camp" has been erected, directing travelers to the camp.

The camp is a 150 mile drive from Richmond, Cox stated, and makes an ideal week-end tour for parents of the boys.

The site covers 20 acres and is located on Sugar Pine creek. Army pyramid tent will be used to house the boys. "Eats" will be served in the mess hall which will accommodate 120 boys.

Formal dedication of the camp will be held June 26 when the Richmond boys prepare to leave for home. At that date about every Scout in the county will be present.

More than 110 boys from Richmond will enjoy two weeks at Camp Contra Costa. The local group will leave June 8, Cox said.

## TUNNEY WILL FIGHT BALM ACTION

Continued from Page 1

plaint were filed as expected, it probably could not be called for trial before the October or November term.

Samuel R. Pryor, Jr., close friend of Tunney and of the Lander family into which Tunney married, was indignant when he was told of the proceedings.

"It's a tragic thing," said Pryor, "to take this up when Gene is going through a lot of mental torture. It's a very poor joke and it's a sordid thing to start when his wife is critically ill. He has trouble enough already."

Floyd E. Barbour, according to Mrs. George Lander, Tunney's mother in law, said he would not cable Tunney about the suit. He said Mrs. Tunney knew before the marriage about the claims of Mrs. Fogarty.

"I'm not going to bother him," Barbour said. "Tunney will contest this suit and will quiet all the gossip once and for all."

**Release Charged**  
Late in the day George W. Whiteside, one of Tunney's personal attorneys in New York, gave out a statement which embodied an affidavit said to have been made by Mrs. Fogarty just before the Tunney-Heeneey fight last summer releasing Tunney from any obligation to her.

Whiteside in his statement, said that just prior to the Tunney-Heeneey fight "insistent demands" were made upon Tunney by Mrs. Fogarty.

"At that time a very thorough investigation of her claims was made," Whiteside said, "and they were found to be without the slightest merit."

**Mrs. Tunney Ill**  
No word had been received from Tunney tonight. He and Mrs. Tunney are on Brioni island, in the Adriatic sea, where Mrs. Tunney is still suffering from a recent operation and illness.

Tunney's country place, which was attached today, overlooks Long Island sound. It includes about 90 acres of land, two houses and other buildings. It was expected he would eventually use it as his home but recently word came that it would not be necessary to make it ready for immediate occupancy. The property is assessed at \$14,000 but Tunney is reported to have paid \$100,000 for it and to have spent a considerable additional amount in improvements.

OAKLAND, May 21.—UP—Federal authorities who jailed more than two score men and women here over the week end on charges of violating the prohibition law questioned Police Judge Edward J. Silver of Alameda at length today.

# Contributing to the prosperity of California

"The white race cannot survive without dairy products."  
—HERBERT HOOVER

Adequate recognition is not given to the miracle of the modern milk supply that brings unfailingly to one's table every day, dairy products fresh from farms miles distant.

To serve the five million people of California thus efficiently means operations of such magnitude that they involve an annual public expenditure in excess of \$250,000,000.

Those to whom this vast sum is paid are entrusted with a great responsibility. The Golden State Milk Products Company, which enjoys a substantial part of this enormous volume, knows that upon its efficiency depends a great and vital contribution to the well-being and prosperity of the state.

This responsibility is not vested solely in zealously guarded purity and quality set upon the highest plane. It lies, too, in bringing dairy products from farm to consumer with a maximum of efficiency and a minimum of waste.

One further obligation we recognize: to enable the customers and dairymen whom we serve to share in the ever-increasing success their patronage has insured.

## REDS MURDER OAKS IN FIRST

SAN FRANCISCO, May 21.—UP—The Los Angeles Angels were more securely entrenched in second place of the Pacific Coast league but were still eight games behind the San Francisco Missions after contests of the circuit today.

The Missions administered a sound trouncing to Oakland, a team that had been only one game behind the Angels. Eight runs in the second inning gave the Missions a lead that was abundant but they added to it to make the final score 17 to 6 in their favor.

Meanwhile, the Los Angeles club after a slow start, was rolling up scores in the latter innings to beat Portland, 9 to 5. Hollywood's Stars continued their improved playing to down Sacramento, 11 to 5. They broke a five to five tie with on runs in the seventh and made five in the eighth.

The San Francisco Seals, tied with Oakland for third place, also dropped two full games behind the Angels by losing to Seattle 6 to 5 in a contest that they never led but often provided a serious threat.

HUGGINS OF THE YANKEES HAS GIVEN HIM FEW CHANCES THIS YEAR—BUT WAIT TILL HE GETS GOING

Although Manager Huggins of the Yankees has had trouble with his pitching staff this season he has failed thus far to give Ed Wells much of an opportunity to display his wares. Wells' partisans are convinced, however, that he sooner or later will be a big help to the champions.

Bob Shawkey, veteran hurler, is coaching him and Ed has hopes that before long he will have a big league chance to duplicate his Southern League record. Last year with Birmingham he hung up 25 victories while losing only 7 times.

## ODD FELLOWS NINE BEATS LIONS

The Eclipse lodge wrecking crew trampled upon the Lions baseball team by a score of 6 to 0 at the first street field yesterday afternoon. This was the Richmond Commercial Twilight league.

Orr was on the mound for the wrecking crew and he struck out 15 men and allowed only two hits. Phillip Jones, the baseball magnate of note, did mound duty for the Lions. Phillip, so it seems, was troubled with a mashed finger which didn't help his hurling a bit. In the second inning they grabbed four runs off him, got one in the fifth and repeated in the sixth. In the last inning Mattos went in for Jones and stopped the deluge.

C. Orr and White led the Eclipse lodge attack. Orr gathered three hits out of three times at bat and White made it two out of three, scoring twice.

Jack Burg and Smith were the only Lions to solve Orr's delivery; both made a hit each. The game attracted a large crowd.

## PLANS TOLD FOR NEW GOLF CLUB NEAR HERE

Sponsored by a group of prominent eastbay business men and golfers, a new golf club for Richmond and the bay area was formally announced yesterday by John C. Shipp, secretary of the newly formed organization, headquarters for which have been established at 315 Fourteenth street Oakland.

The El Sobrante Golf club, as it will be known, will boast of a complete 18-hole course plotted by William Watson, famous San Francisco and Los Angeles golf architect and situated on 215 acres of ideally adaptable land in a protected valley just north of the San Pablo Dam highway a few minutes drive from the center of Richmond.

According to Shipp, approximately \$300,000 will be expended in the purchase of the land, which is now under option, the construction of the course, which will have every natural and mechanical advantage, the building of a club house and the purchase of equipment.

Construction will proceed as rapidly as possible and it is expected that the course will be open for play not later than Sept. 1, 1930.

It is stated that the El Sobrante club has been organized as a non-profit body under the laws of the state of California, with the purpose in view of making golf inexpensively available to all residents of the bay region. The officers of the club are: A. Anderson, president; R. A. Dunnam, vice president; R. D. Holabird, secretary; J. H. L'Hommiedu, director; and B. G. McDougall, director.

A number of interesting features of the new club are pointed out by its secretary as being unique in the annals of golf club organization. Of primary interest are the proposed low cost of membership, the guaranteed freedom from assessments and the liberality of family and guest privileges which will be in effect, rigid economies, Shipp says will be enforced without sacrifice of quality. The clubhouse will be attractive and will contain every convenience for members and guests. Plans call for the vesting of responsibility for maintenance of the course and all of the features of the club in a separate organization which will free club members of all cost other than dues and green fees.

"The course itself," Shipp said today, "will be of championship length and calibre. It has already been laid out by William Watson, and will rank with the finest courses in northern California. It will include practice driving tees and a large, nine hole putting green. The club will be operated on a cash basis, an economy which will eliminate the expense of monthly bills. We believe that the El Sobrante Golf club will fill a real want of hundreds of bay region residents, in that it will provide all of the refinements and privileges of a costly organization at a cost which will be on a level comparable to that of public courses."

INDIANAPOLIS, May 21.—UP—The next time Harold Engleman, 18, drug store messenger, changes oil in the new motorcycle his employer bought for him, he'll look at the label.

The machine needed new oil. Engleman went to the basement and found the oil can empty. He looked around in the gloom and spied a neat vessel of the same size and shape. It gurgled like oil.

Away roared Harold. The bike engine purred sweetly for several blocks. Then it started smoking, sputtered and stopped. Garage employees drained the engine and after one whiff diagnosed the case—Harold had got hold of the root beer syrup jug.

## Grandma is cooking with electricity

"JUST keeping up with the times," says Grandma Collins. "I am one of the many new users of the electric range. I was just over at the P.G. and E. office and they told me one thousand five hundred of their customers will get electric ranges this May and June."

The electric range gives a beautiful, clean kitchen and perfect baking to women who love modern methods.

The electric range has white and gray porcelain enamel that makes kitchens attractive. It bakes perfectly. And it does it automatically. The oven heats up to 400 degrees in 9 to 11 minutes—as fast as one can mix biscuits. The open or closed cooking elements are now made smaller to fit your pans. Heat that was formerly wasted goes to work. Food cooks faster, less electricity is used.

While you're downtown, stop in at a dealer's or at our office and see these new electric ranges. Or telephone us and our representative will gladly show you pictures of the many beautiful new models.

## CHRYSLER TO HOLD TEST MONTH

Richmond residents will be given an opportunity to learn the thrill of driving a new Chrysler and will be given the chance to receive a new Chrysler '75 sedan or '78 sedan during the month of May 18 to June 18.

Harry S. Curry, manager of the Curry Auto Sales company of Richmond, agents for the Chrysler cars, yesterday announced public invitation to the motoring public to visit his showrooms during the month and drive a new Chrysler.

"Learn the difference month" has been officially set aside by the Chrysler company for the purpose of giving the motoring public a chance to drive a Chrysler and to learn the thrill that goes with it.

Any persons of driving age may visit the local showroom which is located at 1401 Macdonald avenue, and a brand new Chrysler will be placed at their disposal. "There is no strings to this offer," Curry stated yesterday. "We want you to get behind the wheel of a Chrysler and find out for yourself why the car is different."

"Since the Chrysler was first introduced to the public, it has been growing by leaps and bounds in popularity. Chrysler introduced a new style in motor cars—new snap, new vim and new driving comfort."

"But, there are some motorists who have not yet experienced the thrill of driving a new Chrysler. This will be their opportunity to drive the car and be given either a new '75 sedan or '78 sedan in cash."

## OPERA CONCERT PRESENTED HERE

Roosevelt auditorium was well filled with music lovers of Richmond last night for the concert of the S. Francis Opera club presented under the auspices of Wesley Methodist church.

Excerpts from the more popular operas were presented by the pupils of Ray Woodruff, director of the club. The settings for the various numbers were in keeping with the operas represented.

One of the most pleasing numbers was the garden scene from Faust in which Mrs. Violet Williams, Richmond soprano, sang the role of Marguerite. Her singing of "The Spinning Song" gave her an excellent opportunity to display the quality of her voice.

A group of the younger members of the church acted as ushers. They were Miss Pearl Jenkins, Miss Geraldine Ripley, Miss Verna Kemp, Miss Sidi Cushing and Mrs. Mona Hosking. Mrs. Lola Faurot was in charge of the box office. The candy committee was composed of Mrs. W. H. Jenkins and Mrs. Mary Mitchell.

DURING

## 'Learn-the-Difference' MONTH

Beginning Today in Every Chrysler Dealer's Showroom

Chrysler is eager for you to learn the difference!

Starting today, and lasting four weeks, we are holding a "Learn-the-Difference" Month—a rare opportunity to become automatically up-to-the-minute—Chrysler-wise and Chrysler-enlightened!

We want you to drive a Chrysler and learn the difference between Chrysler performance and any other with which you are familiar.

For there is an overwhelming difference in the things Chrysler does, and how it does them.

But there is only one sure way in which you will know how decisive this difference actually is: That is to see, and feel and experience—to ride in and drive a Chrysler car, whether a '65," or "75," or Imperial—you doing the driving.

### A CHRYSLER "75" SEDAN GIVEN AWAY FREE

During Chrysler "Learn-the-Difference" Month every man and woman of legal driving age who receives a floor demonstration, followed by a road demonstration of any Chrysler "65" or "75" will be entitled to a Demonstration Card. Each card bears a different number. At the end of the month, the person holding the right number will be presented with a Chrysler "75" sedan.

Then, and then only, will you know how wide a margin separates Chrysler from all other cars!

Take advantage of Chrysler "Learn-the-Difference" Month at once. Go to your nearest Chrysler motor car salesroom—see the unmatched features—experience the unprecedented performance.

### Do Not Miss This Opportunity

Remember—we are eager and anxious to have you put all Chrysler claims to the test, to learn for yourself what a vast difference there actually is in performance, appearance and value between Chrysler and other cars.

Once you drive a Chrysler and learn the difference you will never be content with any other. Your judgment will insist you own a Chrysler!
